

Joint Statement

BIOSERVICES/ONCODIA

BioServices and Oncodia hereby inform you that we have changed our collaboration form for the distribution, service and customer support for *Oncodia NGEx Purification kits, software and magLEAD instrument (Precision System Science, Co. Ltd.)*. We will continue to work together to ensure that you as a customer will receive the same support and guiding but will divide the responsibilities. Oncodia, as the manufacturer and developer of the NGEx extraction kits and NGEx software, will have the responsibility for sales and support of these products. BioServices, as experts on automated solutions and services, will have responsibility for sales, service and support of PSS magLEAD instruments. We guarantee that you will continue to be satisfied with our products and wish you all the best for 2021!
